Goodwill in Columbus uses CommuterAds to reach shoppers for new locations, potential donors, and new recruits for their education programs and workers for their stores.

*"CommuterAds onboard audio program is a **unique way of reaching individuals** that we may not reach with traditional advertising. We love being able to deliberately pick the geographic areas and people - be it potential shoppers, donors, or new hires - we target with our audio messages."*

*"Our ads are **geographically deliberate** and **captivating** with CommuterAds!"*

ANDREW DERTH
Marketing Director

Testimonial

Crime Stoppers of Tampa Bay uses CommuterAds onboard the HARTA buses to highlight their tip line and increase their intake of key crime information.

*"CommuterAds onboard audio program allows us to reach **targeted demographics** and captivate their attention on the bus. Because of this, we are able to solicit information from the public and help law enforcement solve high-level crimes."*

*"CommuterAds **helps to solve crimes** and makes our community safe!"*

Cleveland Department of Public Health looks to inform the community about a variety of health issues and runs numerous campaigns with CommuterAds!

*"CommuterAds is **personable**. You're not doing business with your typical Fortune 500 company. You get **one-on-one service** and they are prideful in what they deliver. They are consistent, persistent, and helpful. I have learned a lot and look forward to learning more with CommuterAds."*

*"You can get anything you need. CommuterAds is like Burger King, you can **have it your way.**"*

Hunsinger Apartments works with CommuterAds to reach University of Illinois students on the CUMTD buses. They rotate their messages to highlight the benefits of student living at Hunsinger Apartments.

*"CommuterAds is a **unique mode for our advertising**. We are able to meet University of Illinois students in their daily lives while they ride the bus to class."*

*"CommuterAds has helped us reach a **substantial number of students** on campus."*
