*We care about people who live here. We're so glad to provide services that help people stay independent ... and proud that we make a real difference in our community every day.*

## We put the unity in community.

Lake Erie Transit is a public transportation service funded through passenger fares and the wisdom and generosity of local taxpayers. We provide public transportation, including special services for seniors and the disabled, for the city of Monroe and Frenchtown Township. Lake Erie Transit brings good people together for all kinds of reasons. And the best part? The good that comes from it each time gets far more mileage than our buses ever could.

*The people of Lake Erie Transit are proud to be part of the City of Monroe. And we're happy to be your way to work, school and shopping, and your way back home.*

## Fares & Passes

LET keeps transportation very affordable. Pay on the bus with cash or buy a short-term pass when you board. Buy long-term passes at the LET Home Office or Telegraph Transfer Station (see back panel). It's all on our website – lakeerietransit.com.

## Courtesy Matters

We have a few simple rules that make sure everyone has a pleasant, comfortable ride. And we appreciate your cooperation more than you know.

- No smoking. (It's the law.)
- No eating or drinking.
- No pets or animals on board (except service animals and other animals in proper containers).
- Electronic devices (radios/CD players) must use earphones.
- Limit carry-on packages to what you can carry on one trip.

*When neighbors pull together to keep each other safe and strong, that's a real community. And that's how Lake Erie Transit became a vital community service right here.*
