What a day.

We took our brand new 100% Electric, Zero Emission bus on the road and you guys did not disappoint. The energy and enthusiasm we saw today for these new electric buses was HUGE - and with no exhaust pipe billowing fumes, people should be excited. The future is green (and healthier).

We'll be out there again tomorrow with more prizes. See the locally built [Proterra Inc.](#) electric bus at:

- ⚡ Millbrae Transit Center at 10AM
- ⚡ Skyline College at 11AM
- ⚡ South San Francisco City Hall at Noon.
