

# Our community is on a roll.

## EmX service is now rolling in west Eugene.

The new EmX service in west Eugene is getting more people to jobs, school, business and recreational activity. But that's just part of the story. Improved roadways and lighting, more sidewalks and bike lanes, signalized intersections, public art and landscaping make the area safer, more accessible and more inviting. Lane Transit District is happy to be part of what's new and vibrant in west Eugene.

**It's your Community. *It's your EmX.***
