Ride On CCSD!

Relax, read, listen to music or catch up on homework and leave the driving to the experts!

The Regional Transportation Commission of Southern Nevada (RTC) and the Clark County School District (CCSD) are collaborating to launch the RTC Ride-On program, providing select high school students with an option to ride RTC transit to and from school, FREE of charge.

Utilizing residential routes and the new, RTC-OnDemand service, select students will have a safe and reliable alternative to get to and from school, afterschool activities, weekend events and more!

Eligibility

Students are eligible to opt into the RTC Ride On program, provided they are first eligible for CCSD transportation services. Students must live more than 2.0 miles from their zoned school, as per school district regulation 3530. To verify eligibility and enroll in the program, students must sign up below or in your school's main office.

Upon verification of eligibility, students will be issued an electronic bus pass via email for alternative busing services through the RTC. Students that do not have access to email or a mobile phone, paper passes may be provided upon request through your school's administrators.

Once the 30-days expire, the RTC will issue a new 30-day pass for the following month.
